**An unrivalled ski holiday at the Golden Energy Mountain! Active winter enthusiasts, culinary fans looking for new highlights and boho chic types with an eye for beauty: They all make the pilgrimage to Oberlech in winter. To relax and recharge.**

## **Unforgettable days on the slopes & harmonious boho whispers**

And smiling down at you, the 2362 metre high Rüfikopf, glistening especially beautifully in the sun at the coldest time of year. If you spend your winter holiday in Lech, this and the other beautiful white peaks characterize the landscape. As a winter sports Mecca, the mountainous region is the ideal place for plenty of fun on and off the slopes. Just step out the door of the Hotel Goldener Berg in Oberlech and you will find yourself in the midst of a winter wonderland and on the slopes. Without a car, with guaranteed snow. The airy heights make it possible! And when you return to Daniela Pfefferkorn's hotel, the enjoyment is just starting.

### **Turmeric hot chocolate in front of the fireplace. Relaxing in the Alpine Spa. Yoga with a view.**

Under the motto "Me Treat Deluxe", Daniela Pfefferkorn receives guests here in her hotel with offers that certainly ensure that you leave behind everyday life at home during your stay. Attractive rooms, lofts and panoramic suites in the boho style become a protective retreat for beneficial sleep and plenty of peace and quiet. The Alpine Spa lures you in with a broad range of treatments, warm ripples and a breath-taking panorama. Because Daniela Pfefferkorn's approach has always been holistic, you can pamper your spirit here as well as your body: Professional coaches and therapists, and even the hotelier herself who is a certified energy medicine practitioner are available for treatments and sessions. Finally, fans of the culinary arts will find their personal "high" in the gourmet hotel: The head chef conjures up his refined creations: classic, alkaline-based, ketogenic, vegan or vegetarian. The

concept is called "plant based alpine cuisine", and leaves nothing to be desired. Three toques and one of the largest wine cellars in the state say it all.

### **Good feeling - good conscience**

Mindfulness for the body, spirit and also the environment come first in this hotel. It is just this attitude, in connection with a long list of environmentally-friendly measures, that have recently earned the hotel the well-deserved EU ECO Label and the Austrian Environmental Seal! Oh yes, the winter holiday at the Goldener Berg offers just something more.
